SCA's option scheme to senior management

The first allotment in the personnel options program has now been made. The acquisition price of a Class B SCA share was set at SEK 220, corresponding to the average last price paid for the SCA B share on the Stockholm Stock Exchange during the period 30 April–11 May, 2001. The options have a lifetime of seven years, with the right to exercise one third of the allotment after one year, one-third after two years and the remaining one-third after three years.

In connection with this SCA has today acquired all 1,800,000 Class C shares from Nordinvest AB – a subsidiary of AB Industrivärden – at a price of SEK 10:05 per share. All acquired shares will be converted to Class B shares.
