

Press release

Sundsvall, February 4, 2021

SCA closes paper machine

In night of February 4, SCA permanently closed the paper machine LWC1 at Ortviken paper mill.

SCA has decided to discontinue publication paper production and during the first quarter of 2021 all three paper machines on the site will be closed.

LWC1 produced coated publication paper for magazines and commercial print. It started production in 1990 and had a capacity of 250 000 tonnes of publication paper per annum.

SCA has decided to invest SEK 1.45 bn in the production of chemically pretreated thermomechanical pulp on the Ortviken industry site.

The core of SCA's business is the growing forest, Europe's largest private forest holding. Around this unique resource, we have built a well-developed value chain based on renewable raw material from our own and others' forests. We offer packaging paper, pulp, wood products, renewable energy, services for forest owners and efficient transport solutions.

2020 the forest products company SCA had approximately 4,000 employees and sales amounted to approximately SEK 18.4 bn.

SCA was founded in 1929 and has its headquarters in Sundsvall, Sweden. More information at <http://www.sca.com>
